

PERFECTION IS PROMISED

The Alicorn Health standard of excellence is unmatched and unrivaled, featuring top-ranking physicians from around the world and dedicated concierge services that are designed to not just meet but exceed your every expectation.

Proactive **Medicine**

When you take a proactive approach to your health, you minimize the risks of long-term illness and optimize longevity. With our cutting-edge diagnostic testing technology, we provide deeper, more comprehensive insights into your overall health profile. Get the most out of your health by understanding it completely. Sit down with our team of expert medical providers who will analyze your specific biomarkers and data points to create a personalized road map to optimal health.

International **Network**

Alicorn Health was established by a visionary team of healthcare providers affiliated with prestigious institutions worldwide, including Yale University School of Medicine and La Sapienza University of Rome. United by a dedication to medical excellence, our team of expert physicians and medical specialists merged minds to offer discerning patients an opportunity at deeper insights, optimal outcomes, and better health.

Dedicated **Concierge**

Whether it's an emergency, hospitalization, scheduling an annual executive check-up, attending a routine medical appointment, or seeking medical advice, your Alicorn Health concierge team is tirelessly committed to monitoring, managing, and optimizing your daily health needs. Alicorn Health clientele receive round-the-clock access to their personal care team of doctors, clinical coordinators, lifestyle professionals, and an extensive network of specialists.
